and travel Little World

Tour the World

Travel around the world with Fin and Lou. You can join them on their trip and explore different cities and landscapes. Fly up in a hot air balloon in the Kalahari desert to watch the elephant herds. See the cherry blossoms in Japan and join Lou in feeding the koi. Find the treasure in the South Seas and go ice-skating to Christmas music in New York. And don't forget to take a souvenir with you from every place you visit to put on your shelf at home. Can't decide which to keep? You can always fly back and choose another. To keep track of all your adventures, Fin and Lou write everything in their travel diary. Now all you have to do is begin your journey. Happy travels!
